Hello friends, and Happy Asian American and Pacific Islander Heritage Month!!!

It has been quite a rollercoaster year for all of us. Yet, without a doubt, our stellar team at the Office for Diversity and Inclusion have been feeling the effects of our tumultuous year while consistently showing up to do the work. As we say 'see you later' to all 3 of our graduate student staff, we are so deeply thankful and proud of all the effort and dedication they put into their work and into our students this year.

I would like to thank Hilary McCabe for all of the work she has done with the Intersectional Feminist Resource Center. She has proven to be an excellent support and leader to the students in the IFRC and the ODI. She has earned the trust and respect of the students she advocates for and leads. We congratulate her on graduating with a Masters in Higher Education. We wish her all the best as she embarks on this new and exciting chapter of her life.

I want to thank Antonio Rocha for his work within the Multicultural Student Center. He has proven to be an exceptional leader to the four work study student workers in that space. He has shown innovation by creating a culture of care and support for students of color on campus and helping to launch the Solidarity Support Group with the Counseling Center. While we will miss Antonio, we sincerely wish him all the best in his future endeavors.

Of course, we owe a HUGE thank you and so much gratitude to Liz Hogan, who interned with the Rainbow Resource Center last semester, then agreed to stay on as a staff member to ensure our LGBTQ+ support group and programming continued to

receive the attention it deserves. Anybody who knows Liz benefits from the incredible energy and enthusiasm she brings to all she does. She was a light and source of joy to us all whenever we needed a laugh or a smile. As she graduates and moves on to her next adventure, we are absolutely certain that she will have a massive impact on the students she will work with, and we can't wait to see it!

We would also like to thank our work-study students! Your presence has cheered us, your creativity has humbled us and your commitment to your peers has inspired us.

Friends, rest well this summer. Be safe and take care of yourselves and your community. We look forward to seeing you in the fall!

Sincerely,

Anila Karunakar and Rob Jackson

Wednesday, April 28th was Maine Day, and the ODI team got into the spirit by working together to clean up the grassy spaces in front of Hannibal Hamlin Hall! We raked, bagged leaves, and picked up litter in the area a part of a campus-wide effort

to clean up our campus after a long cold winter. Make sure to check out our handywork if you find yourself in that corner of campus!

Our neighbors and elected leaders on Orono town council are seeking input on the best ways to implement policy and structural change to allow for the town to address inequity within town policy and procedure. Our neighbors in Bangor have recently assembled an advisory committee, and town leadership here in Orono would like input on what kind of group or committee might be most helpful in providing feedback and insight from a diversity, equity, and inclusion perspective here in Orono.

If you would like to be part of this conversation (all members of the Orono/University community are welcome, including students, staff, and faculty), please reach out to council member Meg Gardner ([mgardner@orono.org](mailto:mgardner@orono.org)) or Staff Associate for Diversity and Inclusion Rob Jackson ([robert.jackson@maine.edu](mailto:robert.jackson@maine.edu)) to be included. We welcome all voices with suggestions and input, but want to be particularly mindful to engage with marginalized folks specifically, including BIPOC, immigrants/new Mainers, LGBTQ+ folks, and our neighbors with disabilities.

By taking part in these conversations, you are not bound to any kind of ongoing commitment to this work, and you are free to engage as much or as little as your energy, interest, and comfort will allow. Please feel free to share this call for input with other members of the broader Orono community who may be interested as well!
